RSK! is an online tool that can improve the quality of early childhood programs. The tool empowers teachers to gather more accurate student data through authentic assessment, group children for differentiated instruction, and align their teaching with the Pre-K Guidelines. Ready, Set, K! strengthens connections between assessment, planning, and instruction cornerstone best practice in early childhood education. With this tool, teachers are able to monitor student progress, identify gaps in Tier 1 instruction, group students for Tier II intervention, complete and print report cards aligned to the Pre-K Guidelines, and compare data across students, teachers, and campuses. To view the RSK! informational site, visit http://bit.ly/2uHv3Zb.

Details
We provide 3 levels of support for the Ready, Set, K! program and online tools. All packages include:

- Access to seven webinar trainings designed to help teachers use the tool effectively
- Unlimited helpdesk support (Monday-Friday 8:30 am-4:00pm)
- Access to sample student portfolios, data collection, checklists, and other supportive resources
- Technology program maintenance and updates, as needed

Package A:
- **Basic On-Boarding Support**: A full day training designed to give first-time users an overview of the Ready, Set, K! program. Participants will leave with a solid foundation in the inner workings of program tools and their use.

Package B:
- **Ready, Set, K! In Practice**: A full day training devoted to guiding teachers to develop a more in-depth level of implementation of the Ready, Set, K! program and online tools. Participants will design a scope and sequence to ensure program tools are utilized and implemented with fidelity. Recommended for teachers who are already familiar with RSK!

Package C:
- **Basic On-Boarding Support**: A full day training designed to give first-time users an overview of the Ready, Set, K! program. Participants will leave with a solid foundation in the inner workings of program tools and their use.
- **Ready, Set, K! In Practice**: A full day devoted to guiding teachers to develop a more in-depth level of implementation of the Ready, Set, K! program and online tools. Participants will design a scope and sequence to ensure program tools are utilized and implemented with fidelity. Recommended for teachers who are already familiar with RSK!

Districts / Charters commit to:

- Designate a district administrator, and second contact, who will serve as the point of contact for all Ready, Set, K! accounts
- Release all Pre-K teachers who are using the Ready, Set, K! program to attend a trainings on how to use the system and/or to enhance their knowledge of the system. In order to ensure fidelity of the tool, it is a requirement that at all teachers using the RSK! system be trained in one of three ways: attend training at ESC Region 13, view the online training videos, or host a training from E3 in district. Documentation of training needs to be submitted to ESC Region 13 if the training is done within the campus.
- Arrange and fund travel to and from Region 13 for teachers attending RSK! training and provide substitutes, as needed, on the training day.
- Upload district, class, and student data by September 2019.
- Read and respond to communications from Region 13 regarding the Ready, Set, K! system.
- Support teachers to use the system as intended, gathering student data over time and determining rubric scores based on the data. Review student data each grading period to ensure accuracy and to ensure that teachers are meeting the campus expectations regarding collecting and reporting the student data.
- Agree to share student data files with ESC 13 and E3 Alliance for the continued vetting and research of the tool.

Annual fee structure for district / charter
The Ready, Set, K! online tool fee is $250 per Pre-K class for packages "A" or "B". The structure is calculated per class, not per teacher.

The Ready, Set, K! online tool fee is $300 per Pre-K class for package "C". The structure is calculated per class, not per teacher.

- Example 1: Two (2) Pre-K teachers each teach two 1/2day Pre-K classes. The total classes would therefore be four (4) classes. If the district chose packages "A" or "B" the price would be $250 per class. Four classes multiplied by the $250 per class fee would equal a total user fee of $1,000.
- Example 2: Two (2) Pre-K teachers who each teach 1 full day Pre-K class. The total number of classes would therefore be two (2). If the district chooses package "C", the price would be $300 per class. Two classes multiplied by the $300 per class fee would equal a total user fee of $600.

*Price is contingent on the package selection.

This is an Interlocal Cooperation Agreement entered pursuant to Chapter 791 of the Texas Government Code, for School Ready - Ready, Set K (RSK) 2018-19. This Agreement is entered into as of the date of approval, by and between Education Service Center Region 13 and other state entity i.e. ISD, charter/private school, or Service Center ("LEA")

- Package A - Online tool fee is $250 per Pre-K class for packages "A" or "B". The structure is calculated per class, not per teacher.
- Package B - Online tool fee is $250 per Pre-K class for packages "A" or "B". The structure is calculated per class, not per teacher.
- Package C - Online tool fee is $300 per Pre-K class for package "C". The structure is calculated per class, not per teacher.
- Choose this to enter a separate PO for this item.

Entering unique PO numbers for each item will create separate invoices when we bill your LEA. If you use one PO number for all items, they will be billed on one invoice.
